

P-Car Foliage Run 2006

September 30th 2006

Well Fall is here, and you know what that means. Time to get the Porsche's out and give them one good run before putting them up for the winter. Put them away happy, and they'll wake up next spring happy.

This is an informal event, very low key, not a show event, just a bunch of owners getting together to talk, and a little run with some nice New England scenery. There is to be immense interest this year, 26 RSVPs and 5 maybes, a few lurkers show up with out saying anything.

You can find pictures from the 2003 run here.

Due to the geographical situations, we will have two meet up points. Those in southern New England will converge in the parking lot of the Crowne Plaza in Nashua NH. It is right of Exit 8 off of Rte 3 in Nashua. You can't miss it.

During the run will be various photo opportunities. I have been contacted by Ryan Hayes who asked to be the Group Photographer, he has offered the images to attendees, but he will use the images for his own use as well. His excellent work can be viewed at www.invictusmoto.com Get some exposure for your car.

We'll plan a run around the White Mountains that should last for approx. an hour and a half to two hours, depending on weather, group preference etc.

We'll end the run at the Common Man inn, in Plymouth NH. For a few amber colored adult beverages, and food for those that so choose.

All are welcome, Having a Porsche is not a requirement for entry. Those that show up with Dodge Colt Vistas however will be taunted mercilessly. Please feel free to pass this flyer around to any that you think might like to attend.
